### RAM Clinic held in the Clearfork Valley

On Saturday, May 5 Remote Area Medical returned after 6 years to the Clearfork Valley to assist with an appointment style clinic, during the eight hour day 105 unique patients were seen with 38 medical forms returned, 62 dental forms returned, and 76 vision forms returned for 176 total services delivered. Those services included 27 hearing exams, with 4 receiving hearing aids, 176 teeth extracted, 35 single vision glasses, and 36 bifocal glasses in processing. The value of care was \$80,638 (based on average cost of care). If it had not been for the numerous volunteers, 41 in total we could not have pulled off this event, each and everyone of you played an important role in making the event a success. It is our goal that we can do this event again sometime in the future and know we can not do it without the support of so many friends.
